

IT'S TIME FOR A FAIR DEAL FOR SOCIAL CARE WORKERS

I support the Future Social Care Coalition and believe:

- Those who care for the most vulnerable in society need a fair deal and must be protected
- 1.6 million social care workers - the 'forgotten frontline' - must be valued and not earn less than the Living Wage and be paid for all the hours they work
- Social care workers pay and conditions should reflect parity of esteem with the NHS
- An immediate funding boost must be found to assist social care workers at this critical time
- That a long-term solution, which is both equitable and sustainable, must be found if we are to transform social care
